

How to: Create Items in a Change Set

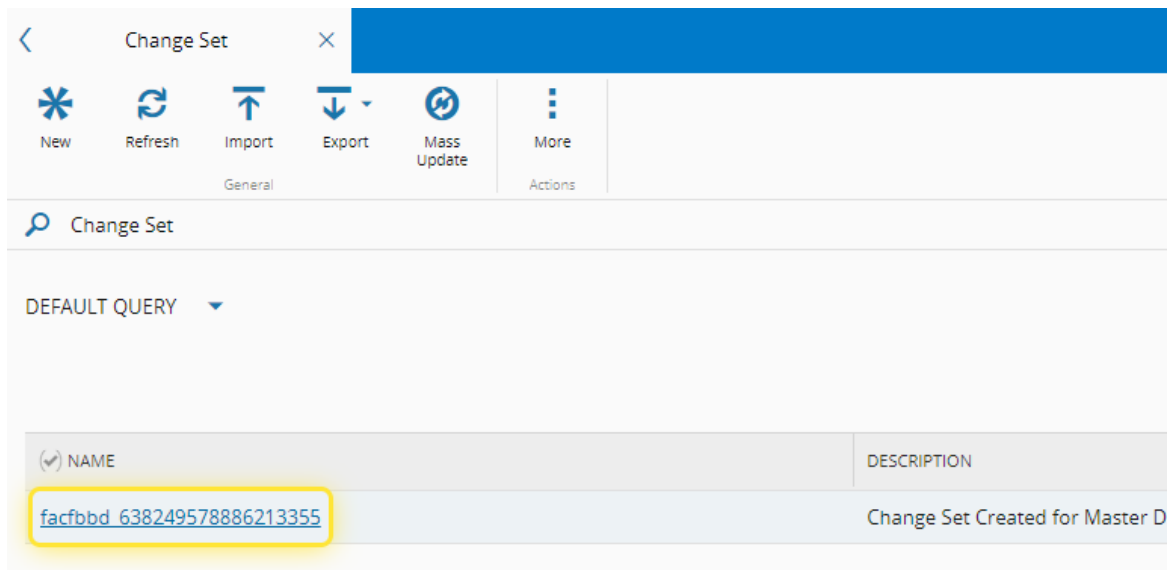

1. Go to the Business Data menu.

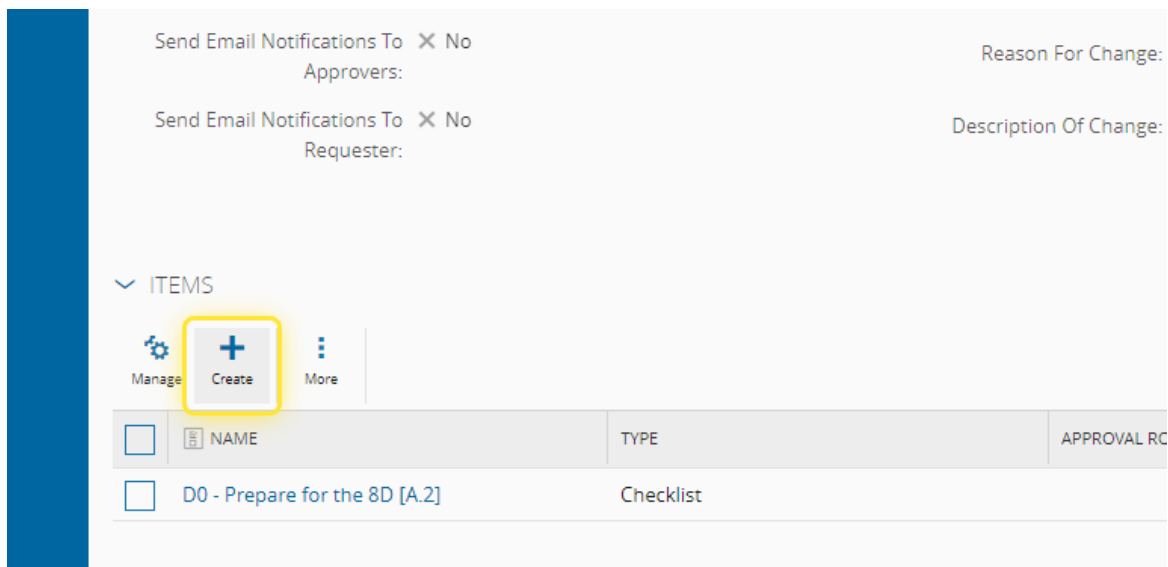

2. Select the Change Set entity.

3. Select a Change Set .

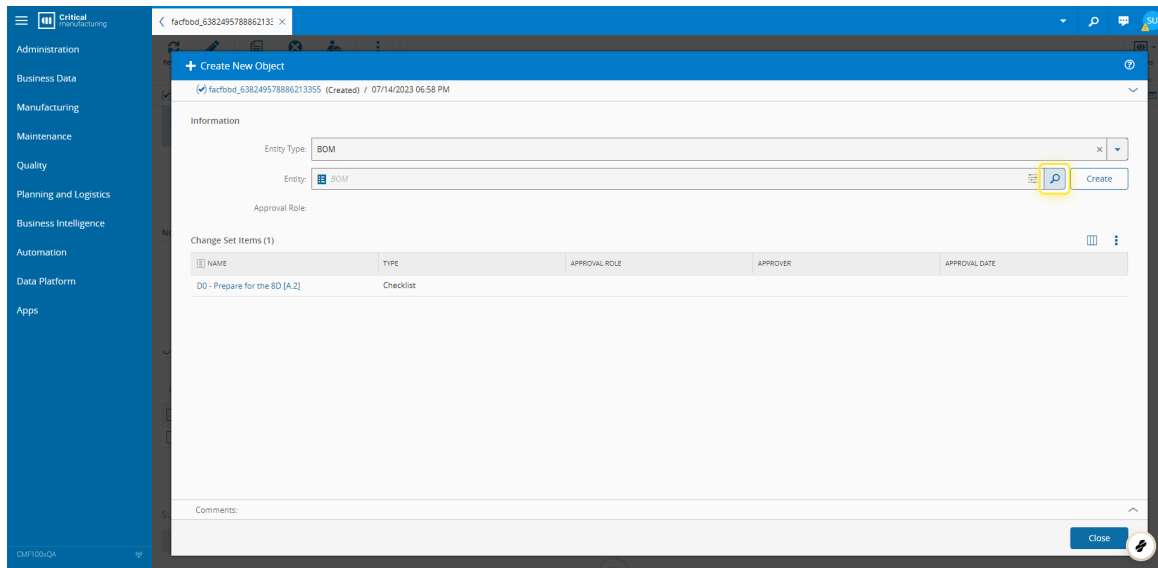

4. Under the Items tab, select + to add an Item.

5. Choose an Entity Type, and an Entity Object.

A new entity object can be created, or new versions and revisions can be created for existing objects.

A GUI is prompted to create a new version or revision, or to create an object from scratch.

6. Select the Close button.
