

## How to: Manage Change Set Subscribers

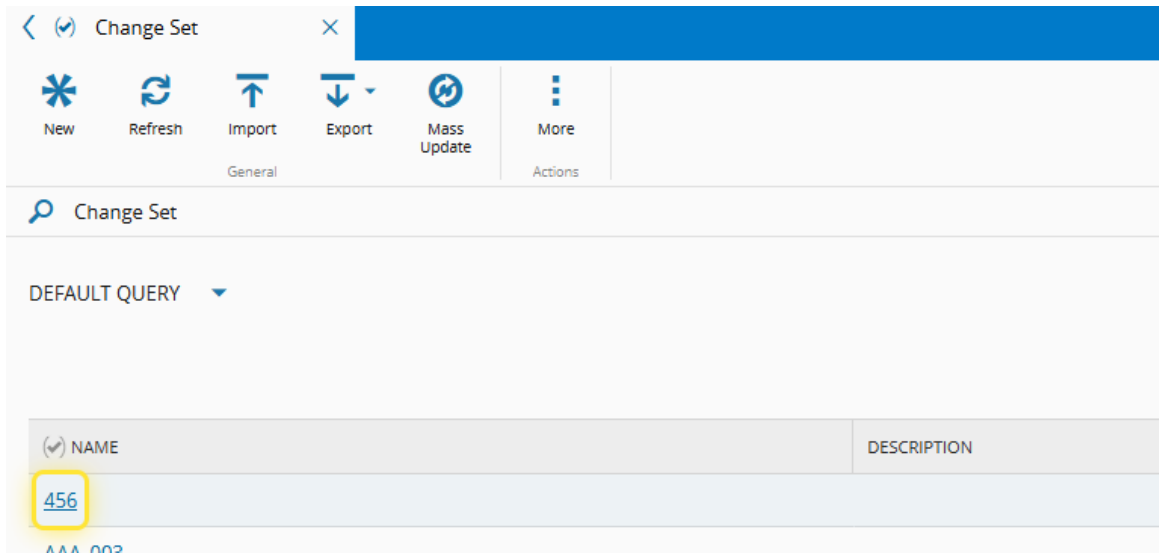

1. Go to the Business Data menu.

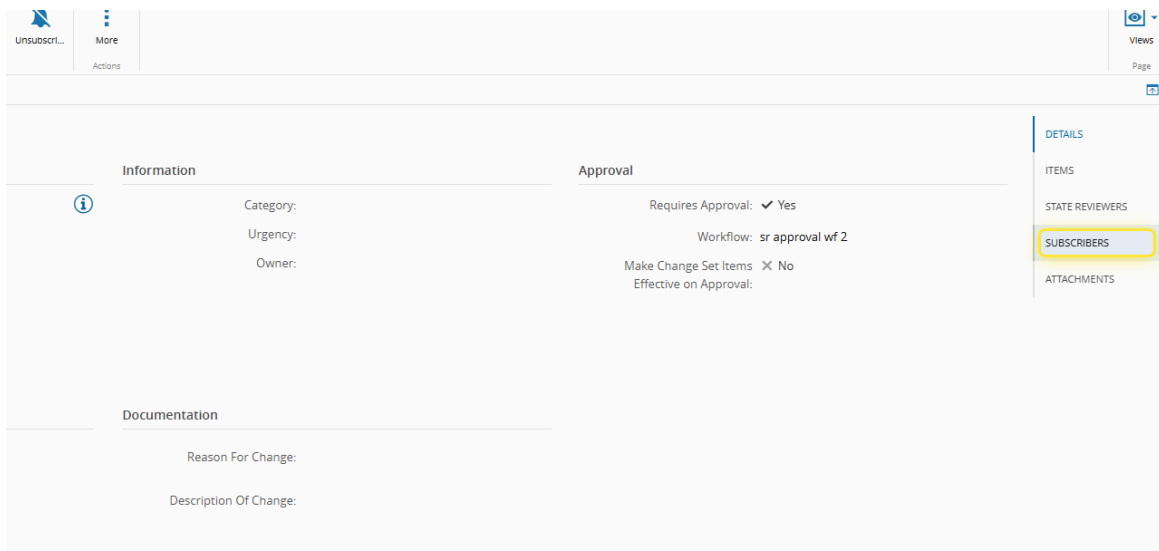

2. Select the Change Set entity.

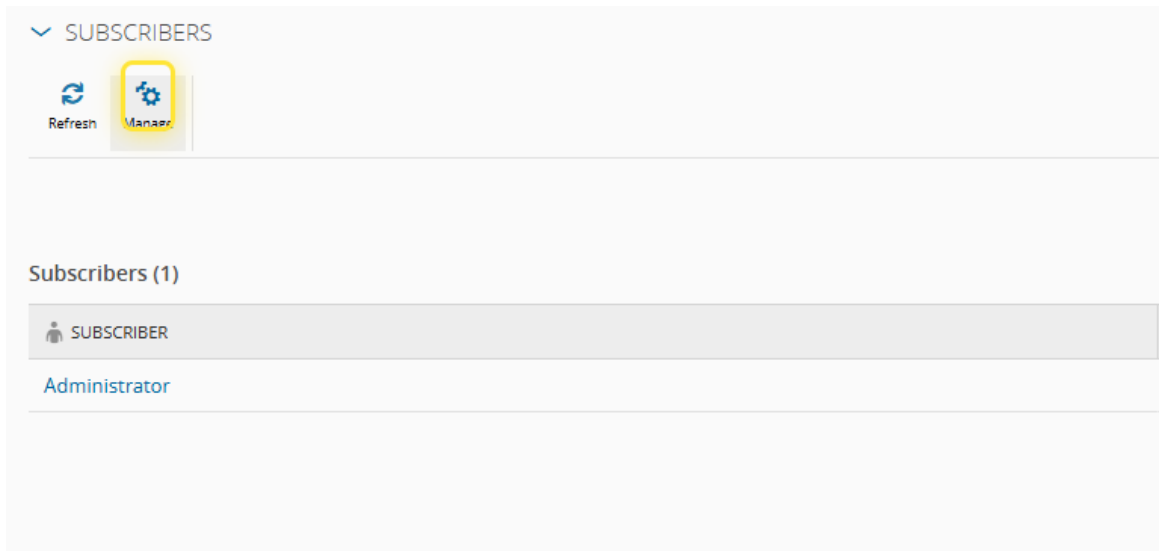

3. Select the Change Set.

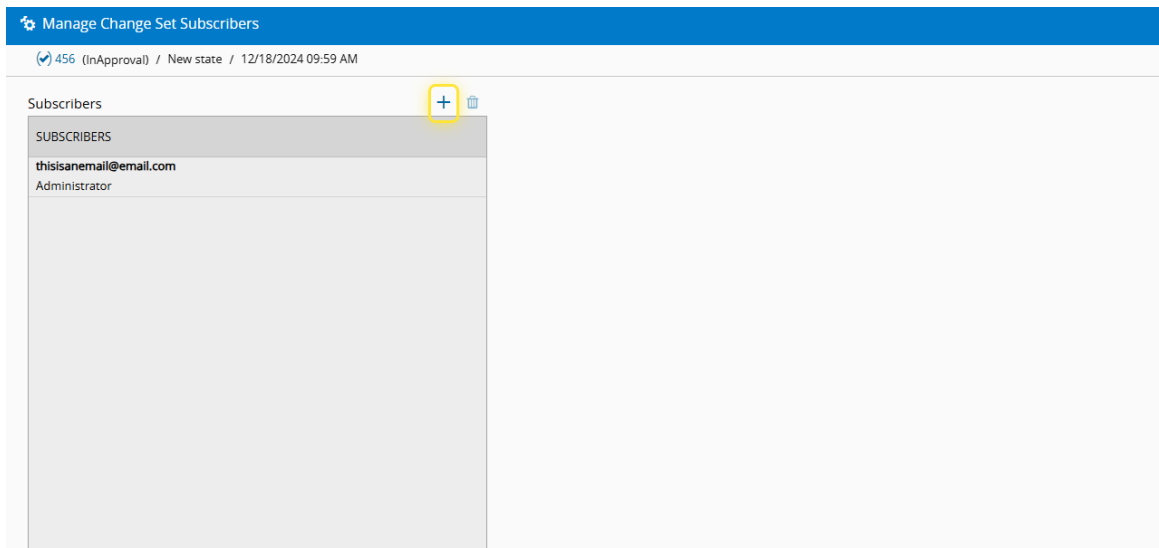

4. Go to the Subscribers page section.

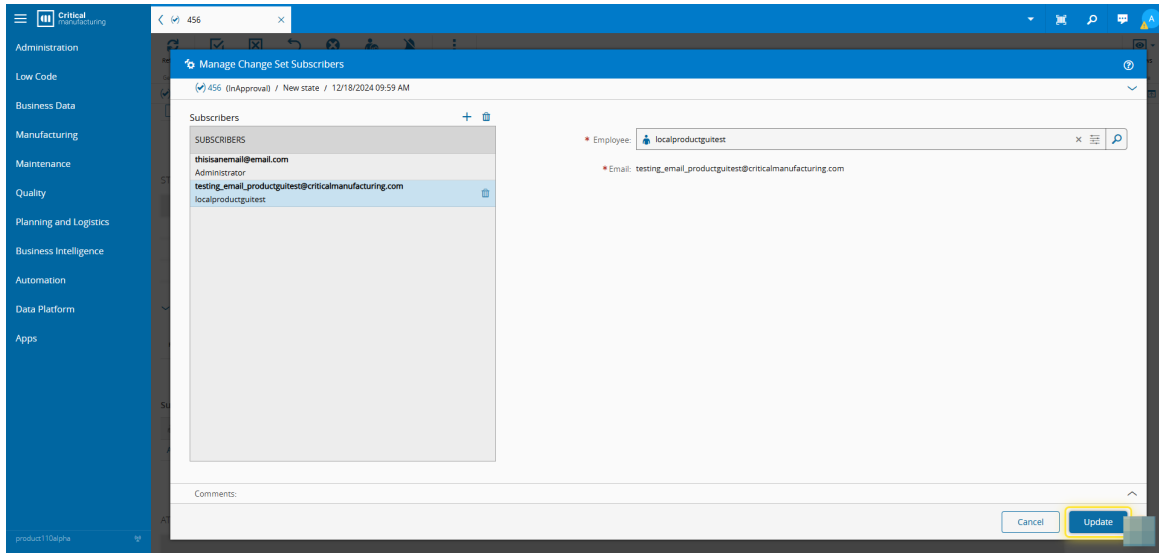

5. Select the Manage button.

6. Manage the Subscribers by adding or removing Employees.

7. Select the Update button.

The screenshot displays the 'Manage Change Set Subscribers' window in the Critical Manufacturing 10.2 application. The window title is 'Manage Change Set Subscribers' and it shows a change set ID of '456' in an 'InApproval' state, created on '12/18/2024 09:59 AM'. On the left, a sidebar lists various application areas: Administration, Low Code, Business Data, Manufacturing, Maintenance, Quality, Planning and Logistics, Business Intelligence, Automation, Data Platform, and Apps. The main content area is divided into two sections. The left section, titled 'Subscribers', contains a table with the following entries:

SUBSCRIBERS
thisisanemail@email.com
Administrator
testing_email_productguitest@criticalmanufacturing.com
localproductguitest

The right section features an 'Employee' search field with 'localproductguitest' entered, and a list of search results showing 'Email: testing\_email\_productguitest@criticalmanufacturing.com'. At the bottom right, there are 'Cancel' and 'Update' buttons, with the 'Update' button highlighted by a yellow box. A 'Comments' section is visible at the bottom left of the main content area.
