

How to: Set a Calendar Day as Non-Working Day

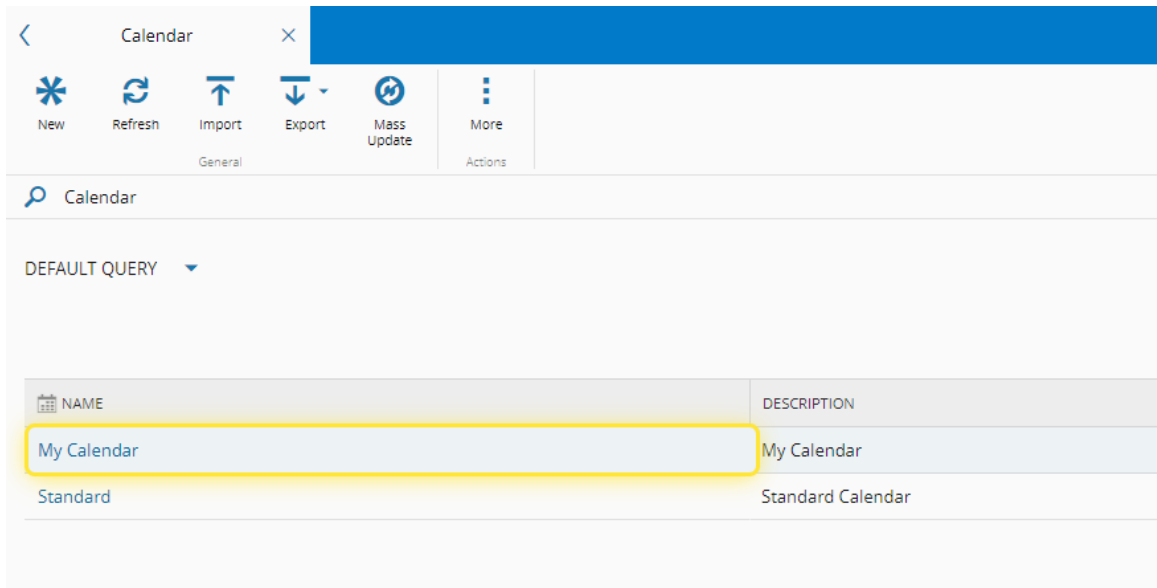

1. Go to the Business Data menu.

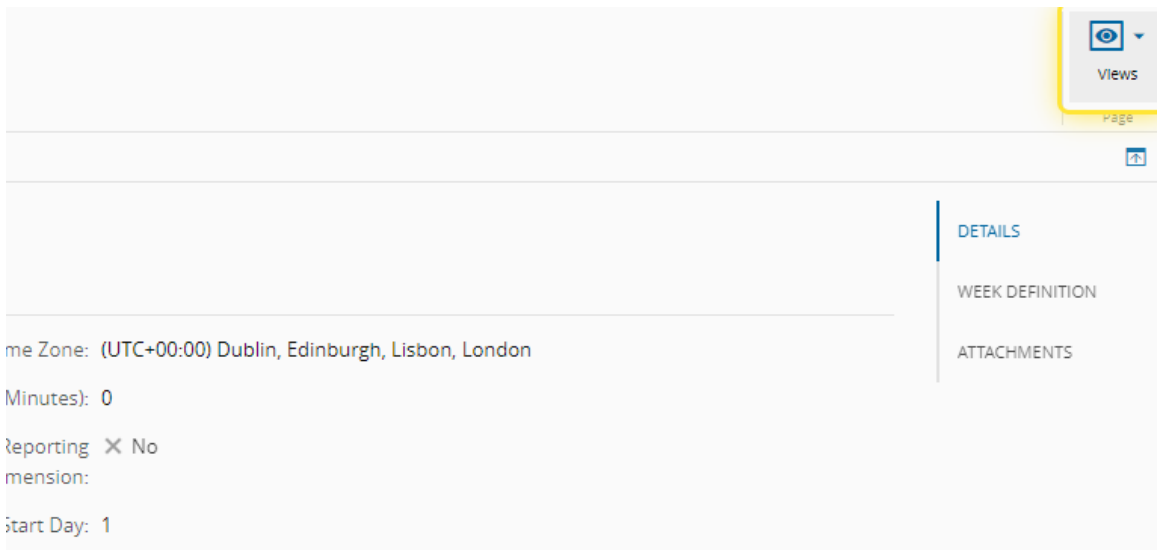

2. Select the Calendar Entity.

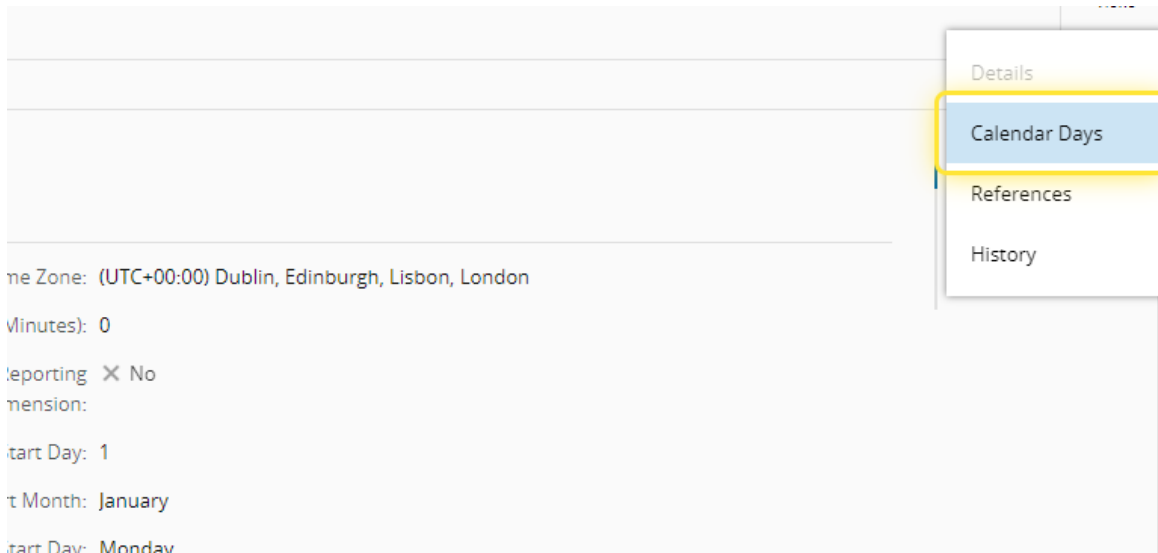

3. Select the desired Calendar.

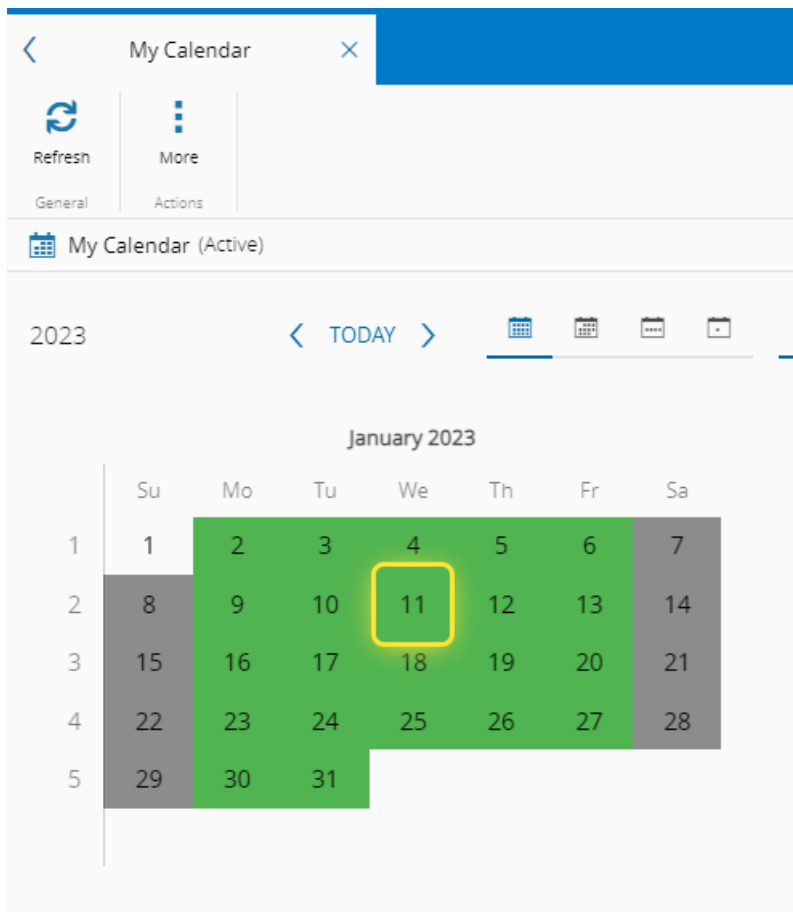

4. Select the Views button.

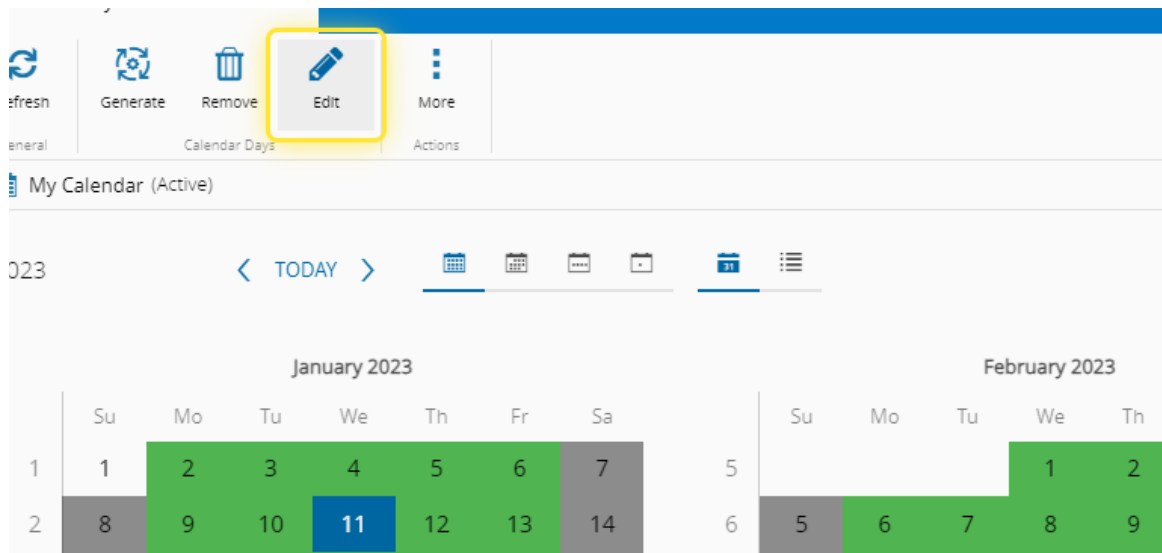

5. Select the Calendar Days option.

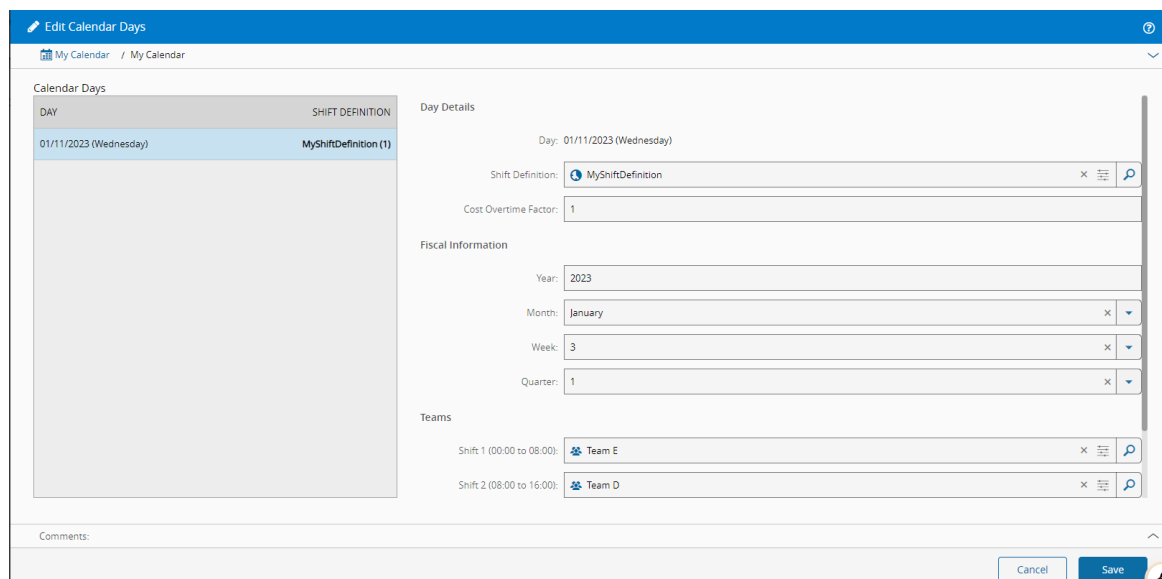

6. Select the desired day to set as a Non-Working Day.

7. Select the Edit button.

8. Under the Edit Calendar Day wizard you can verify the Shift Definition in place.

9. Remove the Shift Definition.

10. After removing the Shift Definition you can see the day considered as a Non-Working Day.
