

How to: Create a Product

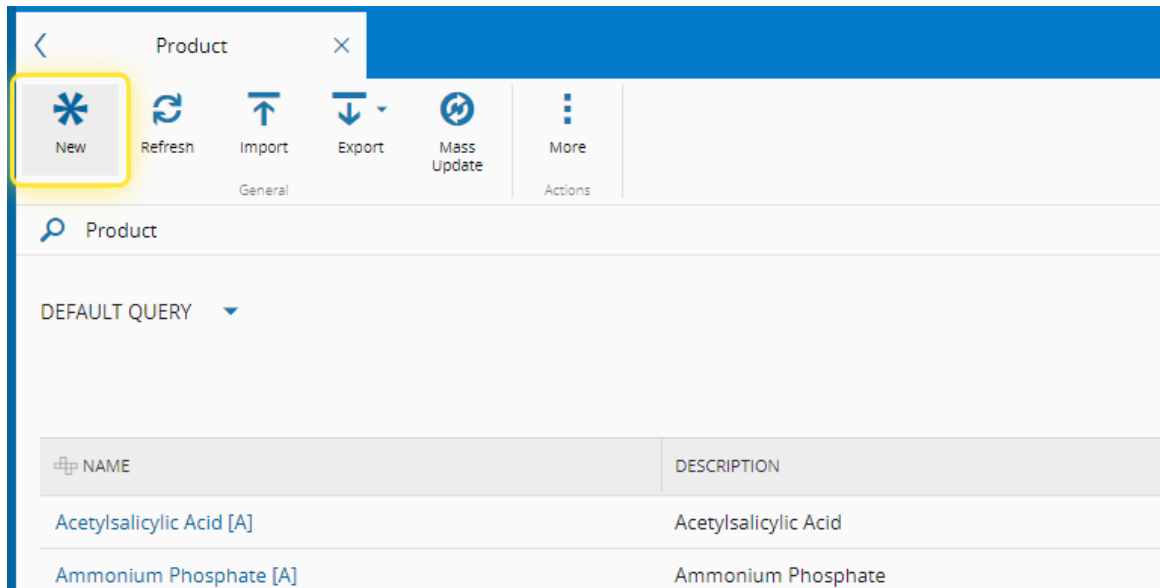

1. Go to the Business Data menu.

2. Select the Product entity.

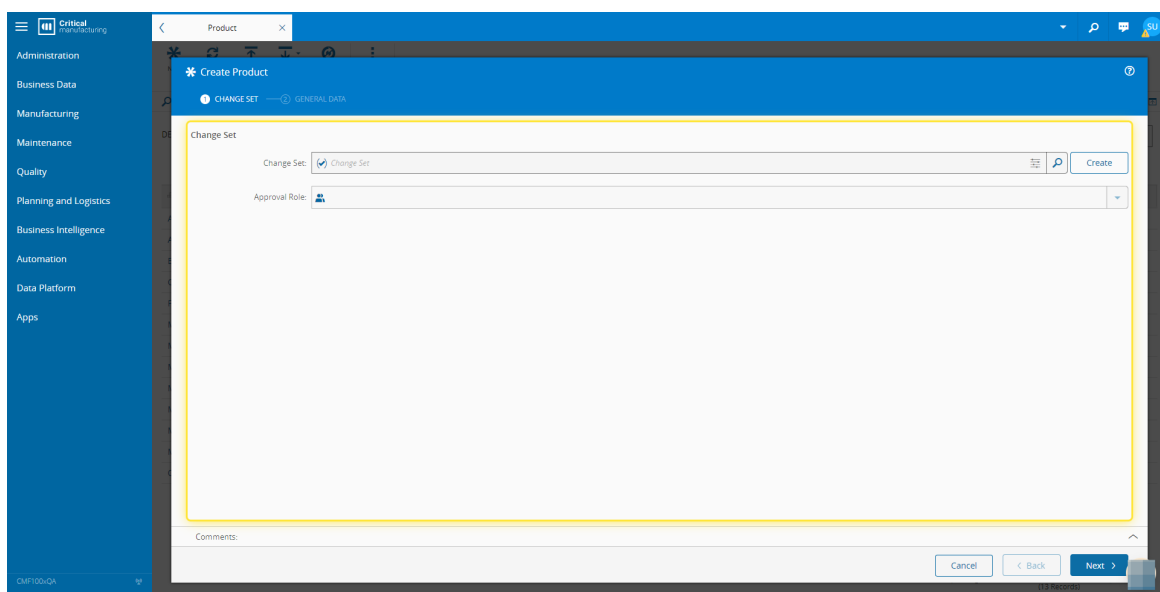

3. Select the New button.

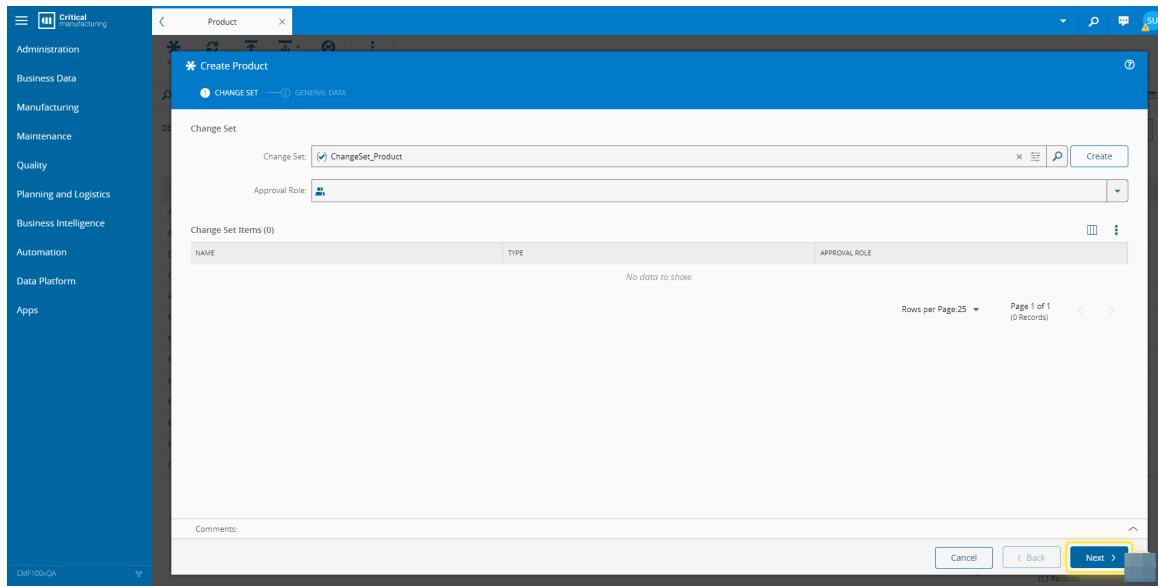

4. Under the Change Set tab, select an existing Change Set or Create a new one.

For more information, see [Create Change Set - Critical Manufacturing Documentation Portal](#)

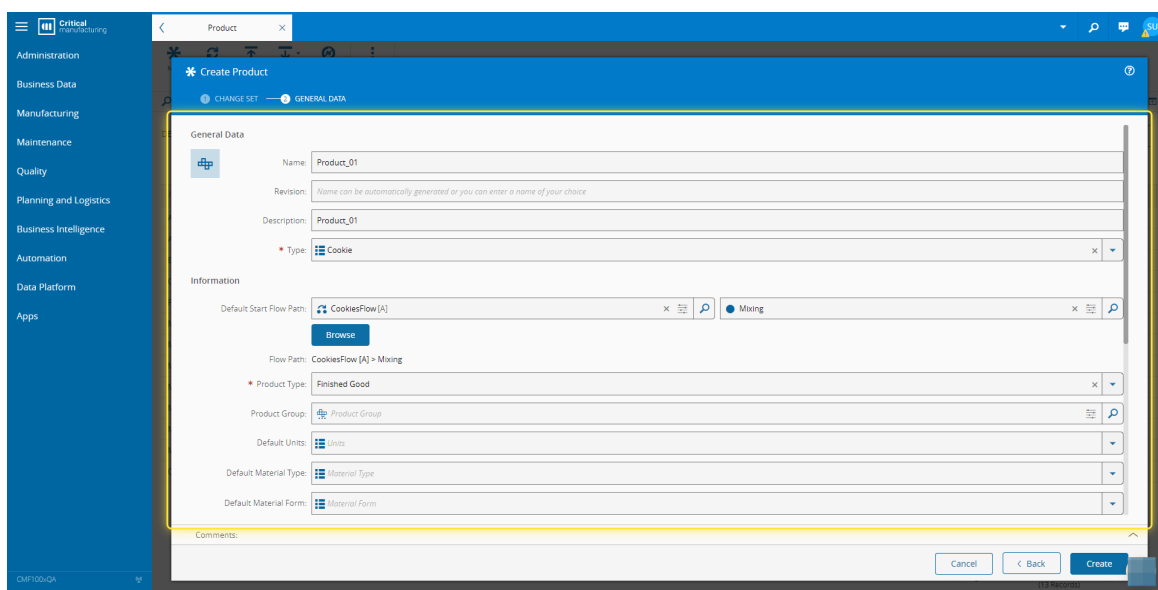

5. Select the Next button.

6. Under the General Data tab, complete the necessary fields.

For more information, see [Create Product - Critical Manufacturing Documentation Portal](#)

7. Select the Create button.

The screenshot shows the 'Create Product' form in the Critical Manufacturing 10.2 application. The form is titled 'Create Product' and has a 'GENERAL DATA' tab selected. The form contains the following fields and values:
