

# How to: Create a Material

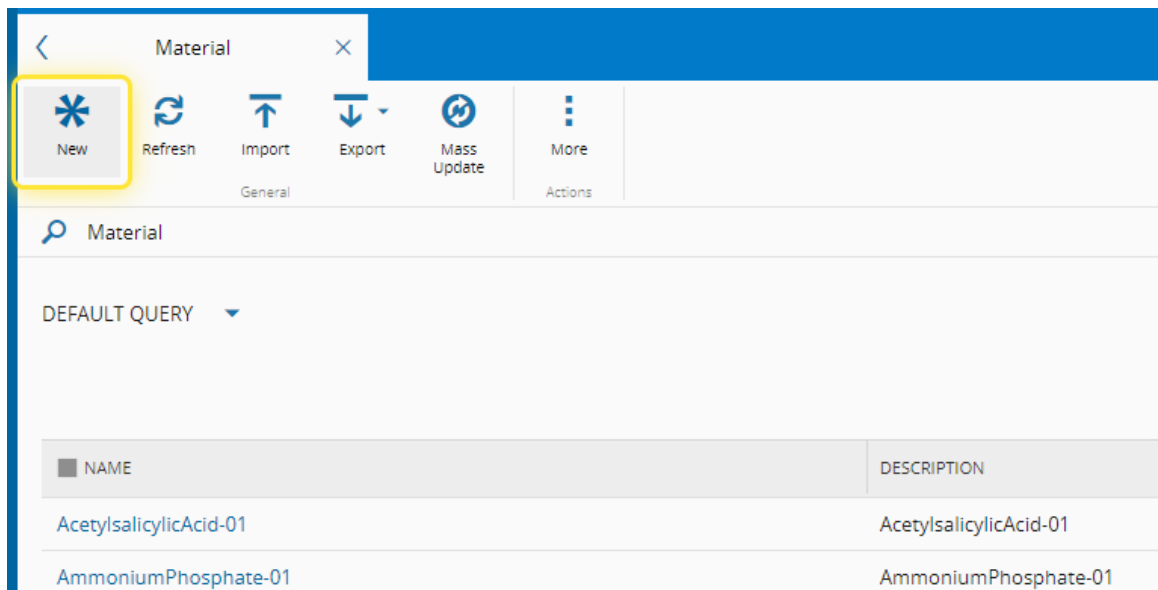

1. Go to the Business Data menu.

2. Select the Material entity.

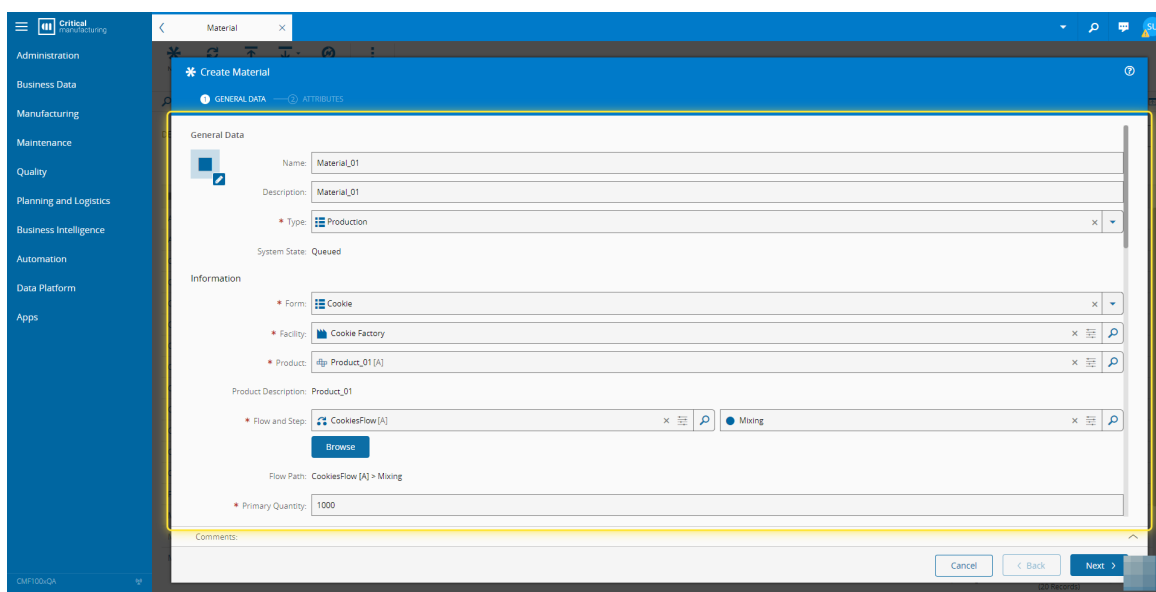

3. Select the New button.

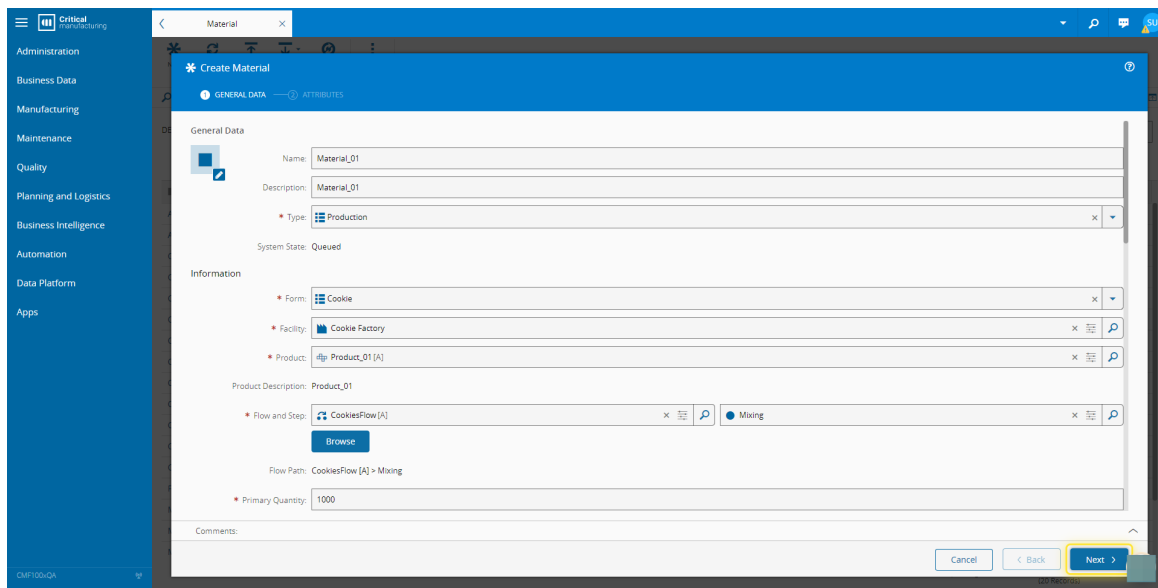

4. Under the General Data tab, complete the necessary fields.

For more information, see [Create Material - Critical Manufacturing Documentation Portal](#)

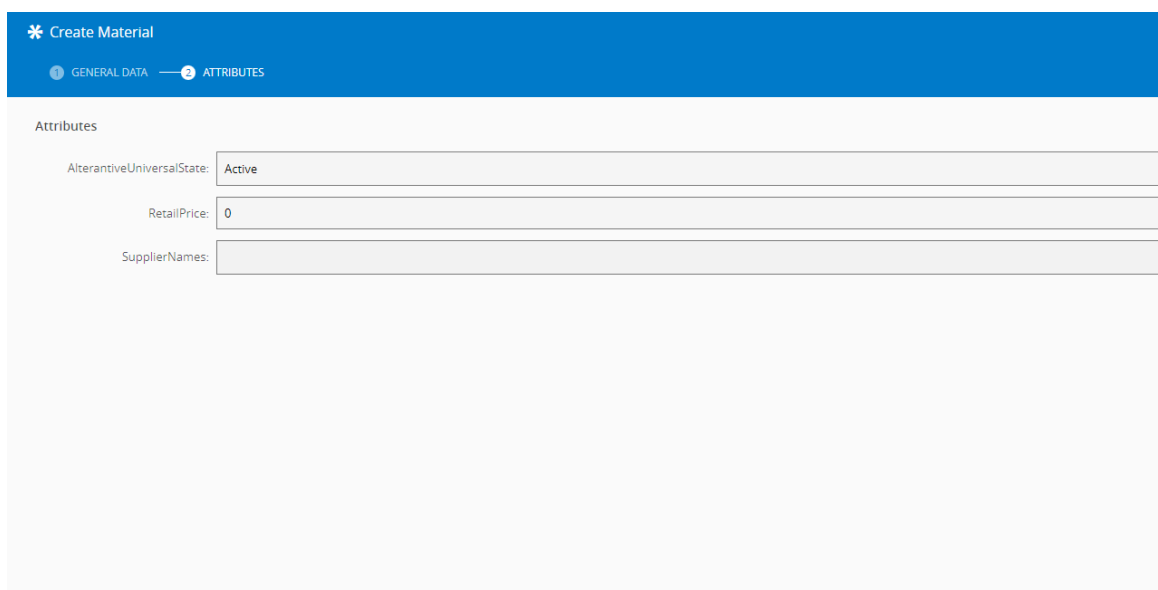

5. Select the Next button.

6. If the Material has Attributes, complete the necessary fields.

For more information, see [Attributes - Critical Manufacturing Documentation Portal](#)

7. Select the Create button.

The screenshot shows the 'Create Material' form in the Critical Manufacturing 11.0 application. The form is titled 'Material' and has two tabs: 'GENERAL DATA' and 'ATTRIBUTES'. The 'ATTRIBUTES' tab is active, showing the following fields:

- AlternativeUniversalState: Active
- RetailPrice: 0
- SupplierNames: (empty text box)

At the bottom of the form, there is a 'Comments' field and three buttons: 'Cancel', '< Back', and 'Create'. The 'Create' button is highlighted with a yellow box.
