DISCLAIMER

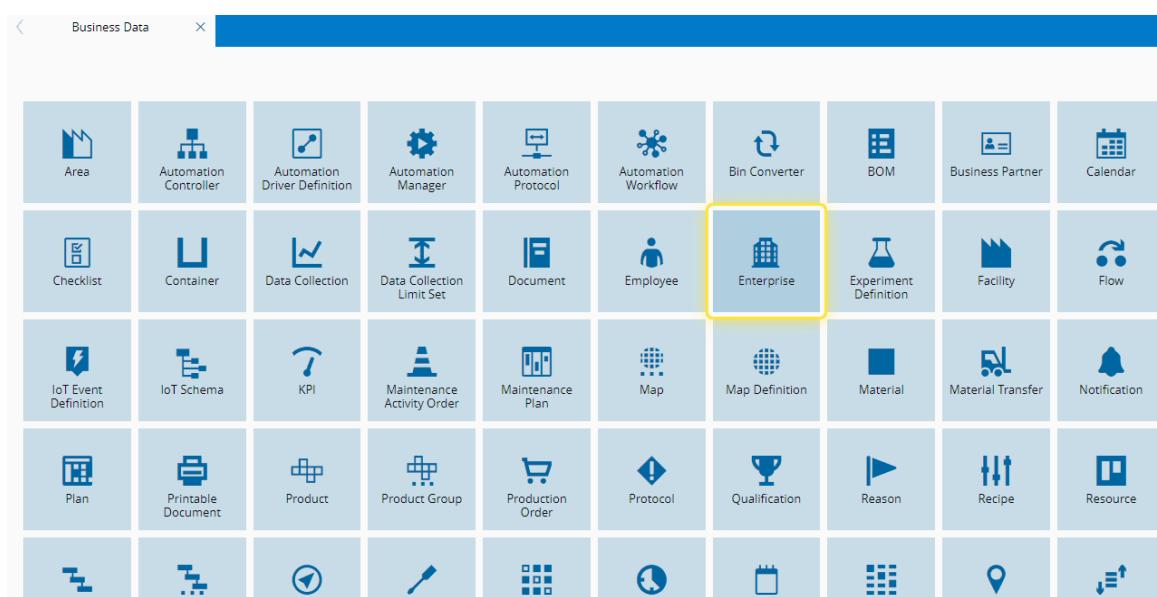

The contents of this document are under copyright of Critical Manufacturing S.A. It is released on condition that it shall not be copied in whole, in part or otherwise reproduced (whether by photographic, or any other method) and the contents therefore shall not be divulged to any person other than that of the addressee (save to other authorized offices of his organization having need to know such contents, for the purpose for which disclosure is made) without prior written consent of submitting company.

How to: Create an Enterprise

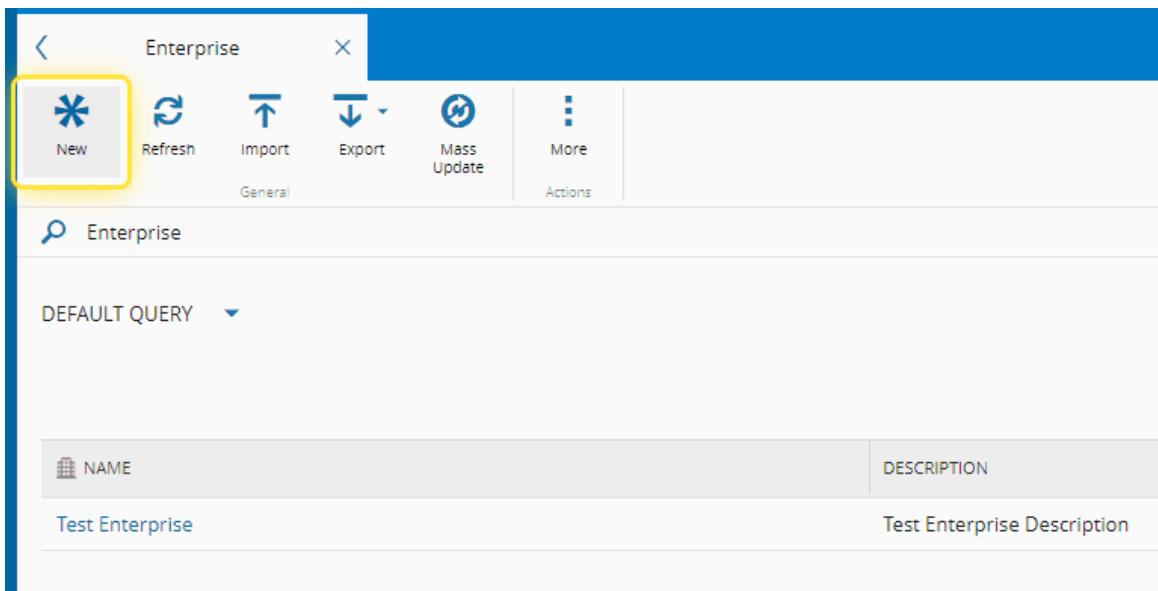

1. Go to the Business Data menu.

2. Select the Enterprise entity.

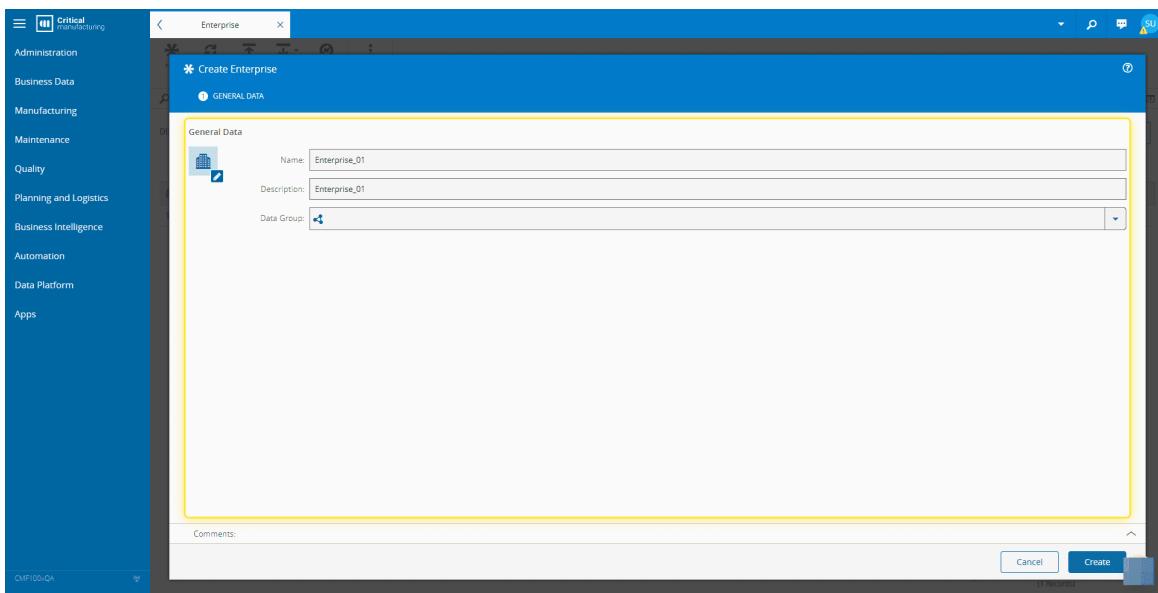

3. Select the New button.

The screenshot shows the 'Enterprise' list page. At the top, there is a toolbar with the following buttons: 'New' (highlighted with a yellow box), 'Refresh', 'Import', 'Export', 'Mass Update', and 'More'. Below the toolbar, there is a search bar with the placeholder 'Enterprise' and a dropdown menu labeled 'DEFAULT QUERY'. The main area displays a table with two columns: 'NAME' and 'DESCRIPTION'. A single row is visible, showing 'Test Enterprise' in the NAME column and 'Test Enterprise Description' in the DESCRIPTION column.

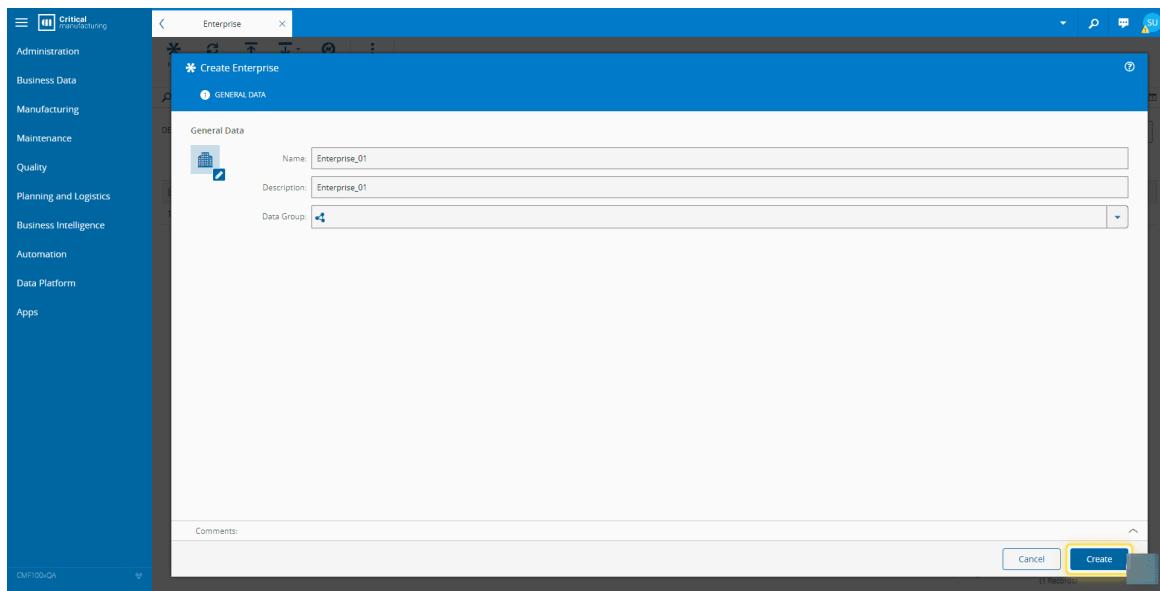

4. Under the General Data tab, complete the necessary fields.

For more information, see [Create Enterprise - Critical Manufacturing Documentation Portal](#)

The screenshot shows the 'Create Enterprise' dialog box. The 'GENERAL DATA' tab is selected. The 'General Data' section contains the following fields: 'Name' (Enterprise_01), 'Description' (Enterprise_01), and 'Data Group' (selected). The entire dialog box is highlighted with a yellow box.

5. Select the Create button.
